Federal Communications Commission  
Washington, DC 20554

**RE: New Phone Number, Affecting MM 95-31**

Dear Commissioners and Commission Staff,

My name is Don Schellhardt, Esquire. I am the attorney for THE AMHERST ALLIANCE, which joined in April 15, 2002 multi-party Written Comments in FCC Docket No. MM 95-31. In addition, Amherst is one of 12 signatories to a multi-party Petition for a Notice of Proposed Rulemaking -- dated April 12, 2002 and received by the Commission on April 17, 2002 -- which seeks phased-in but comprehensive spectrum re-allocation. The multi-party proposal is designed to correct the current over-representation of megacorporations and National Public Radio on the FM Band.

This letter is a followup to my June 17 "Change of Address" notification. At the time of that submission, I had not yet been informed what my new telephone number will be. I have since been apprised, however, that my new phone number will be **(303) 215-1687**.

I have also been apprised that this new phone number will be activated "on or before" 7:00 p.m. Mountain Time (9:00 p.m. Eastern Time) on Monday, June 24.

Sincerely,

Don Schellhardt, Esquire
